

## **Safeguarding and Welfare Requirement: Information and Records**

Providers must maintain records and obtain and share information to ensure the safe and efficient management of the setting, and to help ensure the needs of all children are met.

## **10.2 Admissions**

### **Policy statement**

It is our intention to make our setting accessible to children and families from all sections of the local community. We aim to ensure that all sections of our community have access to the setting through open, fair and clearly communicated procedures.

**Please note:** that our 'Application to Join' also forms part of our Admissions Policy and should be read in conjunction with this document. Copies are available on request.

### **Procedures**

- We ensure that the existence of our setting is widely advertised in places accessible to all sections of the community.
- We ensure that information about our setting is accessible and provided in written and spoken form.
- We will provide translated written materials where language needs of families suggest this is required, as well as access to an interpreter. Where necessary, we will try to provide information in Braille, or through British Sign Language.
- In the event of oversubscription we will arrange all applications received in order using the following criteria:
  - Looked after children (those in the care of the local authority)
  - Date of birth
  - Siblings already at the setting
  - Distance of the child's home or their main carer's home to the preschool and their access to transport
  - Siblings of a child that has attended the preschool within the last 2 years

Applications that are received after our published deadline date for the coming academic year will be processed after all on time applications have been processed.

- We keep a place vacant, if this is financially viable, to accommodate an emergency admission.
- We describe our setting and its practices in terms that make it clear that it welcomes both fathers and mothers, other relations and other carers, including childminders.
- We describe how our practices treat each child and their family, having regard to their needs arising from their gender, special educational needs, disabilities, social background, religion and ethnicity or from English being a newly acquired additional language.
- We describe how our practices enable children and/or parents with disabilities to take part in the life of the setting.

- We monitor the gender and ethnic background of children joining the group to ensure that our intake is representative of social diversity.
- We make our Valuing Diversity and Promoting Equality Policy widely known.
- We consult with families about the opening times of the setting to ensure we accommodate a broad range of families' needs.
- We are flexible about attendance patterns to accommodate the needs of individual children and families, providing these do not disrupt the pattern of continuity in the setting that provides stability for all the children.
